Are you an adult with a skill that you are proud of? Have you ever thought about sharing your skills and giving back with your time and talents? If so, we’re interested in speaking to you about a new volunteer-led program that allows adults to share their expertise for the benefit of others. You have the ability to enhance lives and bring people of shared interest together!

Volunteers are at the heart of the Y. We were founded by a volunteer and we continue to be governed by our Volunteer Board of Directors. Most of our programs for children, adults and families are only possible because of the incredible people in our community who volunteer their time. The YMCA OF ALASKA could not function without the help of our dedicated volunteers. There is something for everyone at the Y. A small investment of your time will have a great impact on the individuals enrolled in Y programs.

Some examples of volunteer opportunities include:
• Youth Sports
• Swim Instruction
• Child Watch
• After School Program
• Special Events
• Fund-raising
• Senior Activities
• Administrative tasks
• Teach a seasonal program
• So much more!
